10. The trunk space storage system as in claim 9, wherein there are numerous tracks in which said moveable wall slides.

11. The trunk space storage system of claim 10, wherein said tracks further comprises indents.

5 12. The trunk space storage system of claim 11, wherein said indents are located in various positions along said tracks; said movable wall further comprises bosses to fit into indents to hold said movable wall in desired position.

13. The trunk space storage system of claim 7 wherein said wall extension extends only as high as highest point of said movable wall.

10 14. The trunk space storage system of claim 7, wherein said wall extension further comprises a rigid, semi-rigid, or a soft, flexible material.
